

JHONIER ALEJANDRO PEREA DERAZO

Software Developer

ABOUT ME

Software developer with over 10 years of experience in building robust, scalable, and user-centered web applications. Since 2013, I have participated in projects across remote, hybrid, and on-site environments, in both the public and private sectors, at national and international levels. I am currently pursuing a degree in Software Engineering and continuously update my skills to deliver comprehensive and efficient solutions.
